# Introduction

Born in the heart of the Alpilles in Saint-Rémy de Provence, Laurie Brun, who is passionate about the different fragrances found in nature, created **La Bastide des Senteurs** in 2015.

Coming from two generations of professionals specialising in scented products, it is only natural that Laurie Brun should continue the family passion by creating a range of scented candles, fragrances and room diffusers under the brand name **La Bastide des Senteurs**.

After numerous tests with several laboratories in Grasse, Laurie Brun has succeeded in developing very high quality perfumes, guaranteed free of CMR substances, phthalates and animal matter. On the basis of this success, she decided to create her own workshop to manufacture her own products and offer them to her customers throughout the various regions of France.

Unique, high-quality products without additives or harmful substances. **La Bastide des Senteurs** is first and foremost a **100% French**, and more specifically **Provençal**, brand whose products are made by hand and with passion.

# The workshop

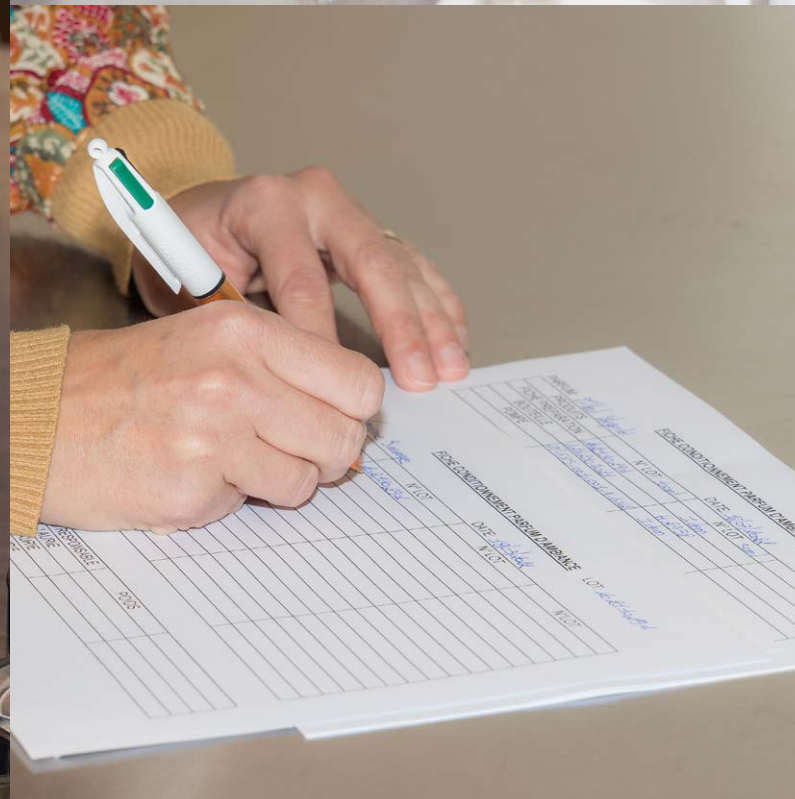

Discover our manufacturing workshop where we assemble our fragrances and make our scented candles, home fragrances and home diffusers.

Our production is entirely artisan and uses carefully selected, hand-picked raw materials to guarantee a product of very high quality.

The perfumes used are made in Grasse and are guaranteed free of CMR substances, phthalates and animal substances.

All our candles are made of vegetable wax, without additives and the wicks are cotton and are positioned by hand. Tailor-made, passionate work for a high quality result.

# Scented candles

All our candles are handmade and are made using vegetable wax. They are additive-free and have cotton wicks that are positioned by hand. They are packaged in a beautiful black lacquered glass and in a custom-made box.
